County Councillor Jackie Porter: County Report May 2016

Operationally:

There are now 3 new City councillors for The Worthys: we are looking forward to serving this community. Malcolm Prince (2 years), Jane Rutter (3 years) and Jackie Porter (4 years). I continue as your County Councillor. Thank you for your good wishes already given, it is greatly appreciated.

For simplicity, I will continue to report on County matters, Malcom and Jane on City matters unless it relates specifically to work that I have been following through.

Devolution is complicated now! Nothing at all is decided- or can be commented upon. Becoming one or two unitary authorities seems a possibility now, with local town/parish councils. You will have received the notice from HCC/WCC last week. I am happy to answer questions, and raise issues if you wish.

Current consultations:

www.hants.gov.uk/hwrc2016 to respond on possible recycling centre changes: reducing hours, cutting out days, cutting out centres (which may lead to congestion at others or fly tipping) and charging per visit are possibilities. Deadline is the 26th May and we would like as many as possible to respond please.

Matters relating to Kings Worthy

1. The work is continuing at the Cart and Horses junction.
2. The footways are being done in Abbots Worthy.
3. The County has started to design the school path from Eversley Park to Nations Hill. There are two issues:
 - A resident who has taken matters into his own hands- and I would like to hear KWPC's opinion on this new fence please.
 - The shrubbery is protecting the school where the fences are old and in poor condition. Costs of around £8000 are needed to reinstate the fence to match the other new mesh one. Finances for this are not included in the works budget, and will have to be found before any work can go ahead. Tight school budgets make this difficult, so may delay or at worse, 'scupper' the project. I will be investigating several possibilities, but can the Parish Council help in any way please?
4. The Doctors Surgery have written to say that they have had permission to close the surgery from the CCG. I asked for it to go on record that the community, council and I did not accept that decision and it was being made *without our blessing*. I made this statement at a meeting with the CCG and a certain number of conditions were set, including a review after a number of months. I will go to speak to this decision again in June, at the next HASC meeting.
5. I have not received progress on the Cart & Horses field footpath claim, but will be pursuing this in the next few weeks.

Mobile Library

The Home Library Service will be expanded to replace the relatively high-cost Mobile Library Service. The Mobile Library Service, is used by just 1% of total library customers, and costs £11.44 per visit per

customer, compared to £2.23 per static library visit. Mobile library vehicles are also in need of frequent repair as they near the end of their ten-year leases. *As a result, the Mobile Library Service will no longer run after June this year.* Additional alternatives offered by the Library Service include:

- Working with local communities in the 20 busiest mobile library stops to identify opportunities for volunteers to deliver books to appropriate community gatherings
- Offering free online library learning sessions in communities that will no longer have a mobile library stop
- Developing links with voluntary sector groups that provide community transport to help rural communities access their local library when they no longer have a mobile stop.

The Watercress Way

Plans are progressing and with your permission, the plan would incorporate the route through Broadview, and cross Kim Bishop Walk, possibly through the Top Field land to the underbridge. In view of this, it would be useful for designated Trustees to meet the Parish Council to see what requirements or concerns that you have as the project progresses. How would you like us to set up a meeting?

No flood plans to be shown to you as yet, I'm afraid.
